

## **Why Bellco Glass?**

Bellco Glass Inc. is one of the only ISO 9001:2015 certified full service Laboratory Glass and Equipment manufacturing companies in the US. The certification sets us apart from other manufacturers that manufacture substandard quality products. Bellco Glass places great emphasis on documentation, written procedures, and employee commitment. As well as internal and external audits from our customer base which ensures we adhere to our ISO 9001:2015 commitment. You can be sure that you are getting the the highest quality material, engineering, workmanship and quality assurance that meet FDA and GMP material standards. This is extremely important in today's Pharmaceutical and Medical Industry requirements for both domestic and internationally.

Purchasing from Bellco Glass, Inc. ensures that you are getting products that are manufactured and engineered correctly and to the same exact specifications for each and every product every time.
